Dear Mr. Lee,

The National Archives and Records Administration has received your report on the loss of several series of records that were stored on a shared drive. According to the report, the records were lost due to an error that occurred during a required data storage environment upgrade. We understand that significant efforts were made to recover the records and that safeguards have been put in place to prevent further loss of records.

Based on the information that you provided, the reporting requirements of 36 CFR 1230.14(a) have been met. NARA is satisfied with the safeguards established and considers this matter closed. I appreciate your attention to this important matter. If you have any questions or wish to discuss further, please contact me at laurence.brewer@nara.gov.

Sincerely,

LAURENCE BREWER
Chief Records Officer
for the U.S. Government
